

moderna  
laminate

# moderna laminate

## Timeless. Stylish. Unmistakable.

Give your ideas free rein and choose your personal favourites from the extensive range of moderna laminates. Whether it's stunning, extra wide formats, country house planks that appear virtually endless, or practical short planks – you are bound to find what you are looking for. What all moderna laminate flooring has in common: they not only feature modern, authentic decor, but deliver all the technical benefits of high-quality hard flooring.

### EASY TO INSTALL

Thanks to the patented click system, moderna laminate flooring is quick, easy and safe to install by yourself. The flooring is designed for floating installation, so there is no need to glue it to the subfloor. Despite this, it is guaranteed to withstand every kind of stressor for many years to come!

### MADE IN GERMANY

moderna laminate is exclusive made in Germany from high-quality materials. This guarantees consistent high quality while strengthening our local location.

### ECOLOGICAL AND COMPATIBLE WITH HEALTHY LIVING

Hardly any floor covering is as ecological and compatible with healthy living as laminate. This floor covering is made of up to 95% natural materials – especially wood! All moderna laminate flooring therefore bears the “Blue Angel” environmental seal. Another plus for hygiene and health: the surfaces are also naturally antibacterial!

### WATER-RESISTANT FOR 4H\*

The special edge impregnation and water-tight click system make the design flooring water-resistant and offer up to four hours of protection against standing water. The laminate flooring can be installed in humid rooms, such as bathrooms. This does not include outdoor areas and wet rooms, e.g. saunas, shower cubicles and rooms with a floor drain.

### ANTISTATIC\*

A special surface treatment prevents the floor from becoming statically charged!

### EASY TO MAINTAIN AND DURABLE

Our laminate flooring is extremely easy to care for – in most cases, regular vacuum cleaning is enough; if necessary, it can also be wiped with a damp cloth.

INFINITE DESIGN

## moderna elegance

### Exclusive. Modern. Elegant.

Elegance means beauty and style – our moderna elegancia product line embodies this definition. Country house decors provide the perfect platform: natural but not too rustic, elegant but not extravagant, they have an authentic and cultivated aesthetic. A subtle all-round V-bevel forms the perfect connection – exquisitely elegant!

# moderna insulating underlay

## Truly silent!

The right floor also needs the right insulating underlay. moderna insulating underlay effectively absorbs sound and forms the perfect, durable system in conjunction with your floor covering!

### moderna Perfectfloor Eco –

The durable and sustainable top product

- + Very good walking and footstep noise reduction
- + Very heavy, high-quality material ensures durability and extreme resistance
- + The underlay's elastic recovery properties guarantee permanent elasticity and a high load-bearing capacity
- + Manufactured from up to 90% natural raw materials
- + 100% recyclable and emissions-tested

Format: **8.5 m x 1 m** | Thickness: **1.8 mm** | Contents: **8.5 m²**

### moderna Premiumfloor –

The all-rounder for the most stringent demands

- + Very good walking and footstep noise reduction
- + High-quality integrated moisture barrier
- + Very good levelling of minor unevenness
- + 100% recyclable and emissions-tested

Format: **12.5 m x 1 m** | Thickness: **2 mm** | Contents: **12.5 m²**

**moderna Isofloor –**

The ecological all-rounder

- + Effective walking and footstep noise reduction
- + Very easy to install and pressure-mark resistant wood fibre board
- + Material thickness provides good thermal insulation
- + Very good levelling of unevenness
- + 100% recyclable and emissions-tested

Format: **79 cm x 59 cm** | Thickness: **4 mm** | Contents: **10.25 m²**

**moderna Smartfloor PLUS –**

Simply a good acoustic underlay

- + Reduces footstep noise
- + Levels out minor unevenness
- + 100% recyclable and emissions-tested

Format: **25 m x 1 m** | Thickness: **3 mm** | Contents: **25 m²**

## Recommended accessories

**moderna protect**

Robust and tear-resistant plastic moisture protection film  
Format: **5 m x 4 m**

**moderna Alutape**

Aluminium-coated PET tape for the vapour-tight application of plastic film or an insulating underlay
